Title: Public Proclamation of Beneficial Entitlement**Supplementary Ref:** TWTI_BENEFICIAL_ENTITLEMENT_1507.001**Date of Issue:** [Insert Today's Date]

Description

This file forms part of the **public, spiritual, and lawful record** of **TE WHARE TAPU O IO MATA KORE**. It declares the **restoration of Beneficial Entitlement** for the Living Heirs and the **collapse of all false and presumptive trusts**, including those derived from the *Cestui Que Vie Act 1666* and its colonial successors. This Proclamation affirms the living sovereignty of the Covenant People and the return of all estates, rights, and energies to their rightful custodianship under the Holy One, IO MATA KORE.

Contents

- 1 BENEFICIAL_ENTITLEMENT.pdf — Public Proclamation
- 2 CONSTRUCTIVE_NOTICE_BENEFICIAL_ENTITLEMENT.pdf — Constructive Notice
- 3 BENEFICIAL_ENTITLEMENT.pdf.ots — Timestamp Proof

Verification

- **SHA-256:**
3d938d24036d081f565b8cc6a0729a90060c14be305eba0f8fa36fd99ee717af
- **Proof File:** BENEFICIAL_ENTITLEMENT.pdf.ots
- **Verification:** Recompute SHA-256 and verify proof at <https://opentimestamps.org>.

How to verify:

- 1 Run the SHA-256 command on the PDF and confirm it matches the hash above.
- 2 Drag the PDF and its .ots file into OpenTimeStamps to verify blockchain timestamp authenticity.

Provenance

This PDF is **unsigned by design** and **cryptographically sealed**. Any modification will alter the SHA-256 fingerprint and invalidate the timestamp proof. Together, the SHA-256 and .ots record form an immutable verification chain on the Bitcoin blockchain, establishing authenticity beyond statutory or commercial challenge.

Declaration

So it is Written. So it is Spoken. So it is Sealed — under IO MATA KORE.
